## SUMMARY

In 2020 I have turned an old passion, coding, into profession. Studying modern JavaScript opened up an ecosystem of technologies to me.

## MOTIVATION

I am looking for positions where I can experience the synergy of skills I acquired driving me towards new explorations and contributions.

## TECHNOLOGIES

JavaScript, TypeScript,  
React, Redux, Mat UI, I&U testing,  
Node.js, express.js, Git, GitHub, JIRA

CSS, HTML5

Adobe AI, PS, ID

Basic sound processing

## LANGUAGES

**Hungarian** native

**English** fluent

**French** fluent

## OTHER SKILLS

Music

Visual arts

Woodworking
